### Driver Consent for Annual Limited Query

Company Name: PANNU BROS TRUCKING INC

As stipulated in FMCSA rule §382.701 Drug and Alcohol Clearing House, in lieu of a full query, an employer may obtain the individual driver's consent to conduct a limited query to satisfy the annual query requirement. The limited query will inform the employer of whether there is information about the individual driver in Clearing House but will not release that information to the employer. The individual driver may give consent to conduct limited queries that are effective for more than one year.

If the limited query shows that information exists in Clearing House about the individual driver, the employer must conduct a full query within 24 hours of conducting the limited query. If the employer fails to conduct a full query within 24 hours, they must not allow the driver to continue to perform any safety-sensitive functions until the full query is conducted and the results confirm that the driver's Clearing House record contains no prohibitions.

The driver needs to register in the Clearing House program and provide consent in Clearing House for a full query to be fulfilled. If the driver fails to register and consent for the full query, the employer must not allow the driver to continue to perform any safety-sensitive function until the employer is able to conduct the full query and the results confirm that the driver's Clearing House record contains no prohibitions.

I hereby consent for the employer listed above to perform unlimited limited queries in the FMCSA Drug and Alcohol Clearing House to determine whether any drug or alcohol violation information about me exists in Clearing House.

I understand that if the limited query conducted by the company indicates that any drug or alcohol violation information about me exists in the Clearing House, the FMCSA will not disclose that information to the company without first obtaining additional specific consent.

I further understand that if I refuse to provide consent for the company to conduct a limited query of the Clearing House, the company must prohibit me from performing safety-sensitive functions, including driving a commercial motor vehicle, as required by FMCSA's drug and alcohol program regulations.

This consent is valid for a period of five years or until my employment with the company is terminated.
